“Train up a child in the way he should go; and when he is old, he will not depart from it” (Prov 22:6).

In 2018, Cedar Hills hosted 1,884 campers. 79 of those campers professed salvation in Christ, 37 rededicated their lives to the Lord, and countless others deepened their faith. It is humbling to be a small part of what God is doing in and through the many churches who camp at Cedar Hills. We have been blessed with many new friends and opportunities to preach in churches throughout the state of Oklahoma. In recent weeks, my family and I decided that it would be best for me to resign as the camp manager. Unless trustees choose an earlier date, December 31 will be my last day. This will give us time to winterize the dorms and complete a few camp projects. I should finish my M.Div from SWBTS in May and trust that God has a future ministry for us. We also trust that God will provide for the future of Cedar Hills. For the next few years, we will focus on our greatest ministry, to train our sons “in the way [they] should go”. We will continue volunteering in our home church and pray for opportunities to preach throughout Oklahoma and other parts of the world. It has been a blessing to be your camp manager.

In Christ,

Dwayne Pate

2018 AMP Report

Donations through the AMP account: \$19,011.55
Amount spent on camp improvements: \$19,153.49

2018 Camp Improvements:

The new gate with secure entry	\$9,070
Complete the pool fence	\$4,632
Deck, Gaga Pit, Privacy Fence at Public Rest Rooms	\$2,853
Install/Replace Tin Horns at Lake	\$ 625
Refurbish Dishwasher and Retaining Wall at Cafeteria	\$1,475
“Watch for Children” signs, New sinks in B6, etc.	\$ 498

In September, Tom King Electric installed new LED lighting in the tabernacle. Others donated \$1,250 to replace the ceiling fans which should be completed by the end of this year.

Camp Improvements: A Statewide Effort:

The greatest need at this time is dorm improvements.

At the September board meeting, Dwayne recommended, “donations for dorms should be the focus of our requests to the BGAO and other associations.” The estimated cost to remodel a dorm is \$50,000. There are 9 dormitories and each of them needs new siding, windows, doors, and roofs. Adding insulation and proper ventilation will improve efficiency. A porch will provide a place for small groups, counseling, etc. The interior of these buildings is also dilapidated and in need of major repair.

Prayerfully consider how you, your church, association, or business could partner with Cedar Hills over the next few years to repair and/or replace the existing dorms.

Camper fees and church offerings help to pay the utilities, food, labor, and other operating costs. Improvements are dependent on AMP and other designated donations. We are grateful for many who give through the Automatic Monthly Partner (AMP) program and many others who designate donations for camp improvements.

Projected Improvements for 2019:

- *Replacing the chain link fence at the basketball court
- *Pouring a cement slab under the basketball bleachers
- *New Skirting for the Pastor's Cabin
- *The camp also has materials to extend the stage at the tabernacle and to paint the boys' pool.
